

AWSNA

ASSOCIATION OF WALDORF
SCHOOLS OF NORTH AMERICA™

2025 Association Conference

Deepening the Art of Teaching & Leading

June 23-26, 2025

Toronto Waldorf School

Research demonstrates that, of all in-school related factors, classroom teaching and school leadership are the primary influencers on student learning, engagement, and success.

The ability to attract, develop, and retain quality teachers and leaders is unequivocally vital to the future of Waldorf education

Deepening the Art of Teaching and Leading is designed to ignite your passion, inspire dynamic organizational cultures, frame effective practices, and provide practical tools to support your collective and individual work.

This conference is open to school faculty and staff, as well as board members.

For questions contact Caitlin Rooney, Summer Conference Chair, at summerconf@awsna.org.
